

TWEEET

I'll be stationed here from now on.

I'm the submarine I-168.

For assigning you that that uniform...

I may be responsible...

?

To think my first order would be to cover up...

Well they're the ones who wanted me up on land in the first place!

And you are a submarine...
But when you're on land, could you please...

If you
could
put this
on...

I'm
sorry,
but...

Someone
important
is
visiting
today.

Things
are a
little
busy,
so...

There's no
way a sub
should wear
something
like this,
right...?

I mean
come on,
I couldn't
even swim
in this
thing!

KYA
AA!

Aha
ha
ha!

As
if-!

Down there!

So off they go.

!! drag

These clothes are holding me back...

But
it's so
beautiful
under the
sea.

It's cold
and it's
dark down
here...

Admiral seems distracted by it sometimes...

The military girls, they...

I'm new here, but I'll be joining you!

And of course, none of them wore skirts.

After that, I met more subs.

Ah!

After all, being in the sea is the best!

But there's nothing wrong with it.
